Adesivos e Silicones

Construção Civil e EPIs

A collage of various construction tools and Personal Protective Equipment (PPE) items. The items include: a black wheelbarrow, a black bucket, a brown leather work boot, a pair of grey work gloves, a pair of clear safety goggles, a blue denim cap, a red hard hat, a pair of orange earplugs, a pair of orange earmuffs, a black shovel, a black pickaxe, and a yellow coiled cable.

Ferramentas

A collection of various hand tools including screwdrivers, wrenches, pliers, and sockets, arranged in a row.

A collection of various painting and wall preparation tools and materials. The items include: a roll of black plastic sheeting; a stack of sandpaper in different colors (brown, tan, grey); a bag of 'ESTOPA' (hemp fiber) for wall insulation; a putty knife with a black handle; a blue plastic tray; a black trowel; a yellow roller; a roll of 3M tape; a roll of white tape; and a brush with a red handle and the brand name 'Roma' visible.

Eletrocalhas, Perfilados e Acessórios

This image displays a variety of metal electrical components. On the left, there are two long, silver-colored metal channels with multiple cross-sections shown. In the center and right, there are several smaller components: a perforated metal channel, a solid metal channel, a metal profile with a U-shape, a metal bracket, a metal ring, a metal plate with a hole, and a metal fastener or clip. The components are arranged in a grid-like fashion, showcasing different types of electrocalhas, perfilados, and acessórios.

Dobradiças e Fechos

Eletrodutos, Conduletes e Acessórios

This image displays a wide variety of electrical conduit products. On the left, there are several long sections of galvanized steel conduit of different diameters. Next to them are two square metal boxes. In the center, there are two more sections of galvanized steel conduit, followed by a 90-degree elbow and a tee fitting, both made of galvanized steel. To the right of these are two sections of black plastic conduit, a 90-degree elbow, and a tee fitting, both made of black plastic. At the bottom, there are three more sections of galvanized steel conduit, followed by a 90-degree elbow and a tee fitting, both made of galvanized steel. Finally, on the far right, there are two sections of black plastic conduit, a 90-degree elbow, and a tee fitting, both made of black plastic.

Desde de 2009 no mercado do Rio de Janeiro, a VEPPEL tem como prioridade atendimento com qualidade, agilidade e preço.
